## CARLISLE CROCHET POPPY PATTERN

by Tartan Gecko

Looks difficult but is deceptively easy. See the gallery of sequenced photos on the web page.

Using red yarn, create a chain of 5 stitches and then create a circle. Single crochet 8 stitches through the center of the circle.

Next row, single crochet into first stitch, and then 2 single crochet into next stitch. Repeat until you circle is about 2" in diameter.

Single crochet into each stitch for the next 5 rows, to create a cup.

Frills: Single crochet twice into each stitch all round. Repeat first frill row, you will now see the edging has become really frilly.

Cast off and thread yarn back down to the center hole and darn in center hole. Fasten off cast on thread.

### Blue and Black Center

Using green yarn create a chain of 3 stitches then create a circle. Single crochet 6 stitches through the center of the circle].

Next row: Next row, single crochet into first stitch, and then 2 single crochet into next stitch.

Row 3: change to black yarn, and complete 1 more row to form a larger circle by crocheting 2 stiches into each stich in earlier row.

Row 4. Single crochet into each stitch to form an upright. Finish leaving a 6" tail.

Sew center onto poppy with tail from yarn.
